INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Raleigh City Directory since 1903), present to subscribers and the general public, this, the 1962 edition of the Raleigh City Directory, which also includes Caraleigh, Carolina Pines, Chestnut Hills, Coley Forest, Country Club Hills, Drewry Hills, Hertford Village, Longview Gardens and Westover.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified area like Raleigh, the necessity of having this kind of information up-to-date and always immediately available is obvious. The Directory is the common intermediary between buyers and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Raleigh, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh and vicinity.

The Raleigh Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

★★★★★★★★★★★★★★★★★★★★

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

(2) Piedmont Airlines offers 12 flights between the terminals of New Bern and Wilmington on the one hand, and Louisville and Cincinnati on the other, and also between Norfolk and Knoxville at convenient hours departing and returning.

(3) United Airlines also provides excellent service with 4 flights between Atlanta and Washington as well as connections with Memphis, New York, New Orleans, Birmingham, Charlotte, Baltimore, St.-Paul, and Minneapolis.

Approximately 145,000 passengers departed from the Raleigh-Durham Airport in 1961. All planes carry mail, express, and air freight.

Highways

Raleigh is served by a network of nine paved highways. The principal highways handling heavy traffic loads are: U. S. 1 and U. S. 401, which are north-south highways; and U.S. 64 and U.S. 70 which are east-west highways. U. S. 1 and U. S. 401 serve as major routes for the automobile tourist traffic north and south.

The direct paved highway mileage from Raleigh to leading cities is as follows

Atlanta, Ga.	405	Jacksonville, Fla	471
Baltimore, Md	298	Knoxville, Tenn	361
Birmingham, Ala	561	New Orleans, La	914
Charleston, W. Va	350	New York, N. Y	500

Motor Carriers

There are some 100 trucking lines serving Raleigh. The majority of these are licensed to haul general commodities. A few of the trucking lines are restricted by license to haul only special commodities such as tobacco, corn, textile products or farm products. The capacity of these lines is unlimited, since there are no restrictions as to the number of vehicles and terminals which may be operated within the city. Fifteen trucking lines have offices in Raleigh.

Bus Lines

The bus lines operating into and out of Raleigh are:

	Schedules in	Schedules out
Southern Greyhound	36	36
Carolina Trailways	55	55
Queen City Coach Co	1	1
Seashore Transportation Co	2	2
Southern Coach Co	2	2

City Transportation

The City bus service is operated by Raleigh City Coach Lines, Inc., which provides service to all points of the city and suburban areas with transfer system. The company's 35 buses have a capacity of 12,000 passengers per day, who are carried 3,600 miles.

A number of taxicab companies operate in Raleigh and provide adequate service in this classification.

MARKETING AND DISTRIBUTION

Raleigh has every advantage for a strategic distribution center in that within a radius of 100 miles of the city there is concentrated 30% of the combined populations of Virginia, North Carolina and South Carolina. The fast transportation systems in and out of the city represent another factor favoring Raleigh as a distribution center.

It is estimated that in 1961 Raleigh had 800 retail stores. There are 150 manufacturing establishments in and around Raleigh, and 227 wholesale distributors.

Newspapers

There are three newspapers published in Raleigh:

	Approximate circulation
The News and Observer (daily, morning)	130,000
The Raleigh Times (afternoon, except Sunday)	25,000
The Carolinian (weekly, colored)	1,000

Radio Stations

There are four radio companies in Raleigh:

WPTF, AM and FM
WRAL, AM and FM
WKIX, AM and FM
WLLE, AM

Raleigh's newspapers and radio stations give a complete coverage of central and eastern North Carolina. All three Raleigh newspapers are home-owned.

Station WRAL-TV, Channel 5, is now in operation.

NEW RALEIGH COLISEUM

The State of North Carolina recently erected on the campus of North Carolina State College in Raleigh a new stadium-type building which is a fine asset to the recreational and commercial life of the city. This magnificent building not only provides ample room for all types of indoor athletic activities, but it is used for civic meetings, industrial exhibits, political conventions, agricultural and stock shows, and many other types of gatherings.

The building itself is 371 feet long and 177 feet wide (outside dimensions), and will provide for an arena floor with a length of 311 feet 4 inches in the clear and a width of 107 feet 11 inches. The floor is entirely surrounded with a tier of balcony seats, which, together with the space available on the floor, will seat from 13,500 to 15,000 people.

Around the arena floor has been arranged a series of offices, classrooms and meeting rooms for lectures and meetings of small groups. Office space is provided in these rooms for the personnel of the Athletic Department of State College and the teaching personnel connected with the U.S. Army R.O.T.C. training program.

A portion of the basement provides rooms for athletic teams, together with showers, rooms for therapy and massage, and storage of athletic equipment. Also, provisions are being made for the installation of ice-making equipment so that this arena can be used for ice shows, ice hockey, and ice skating by the students and other residents of the state.

All of the area adjacent to the stadium building has been set aside for automobile parking to an extent which is believed will be adequate for all types of attendance.

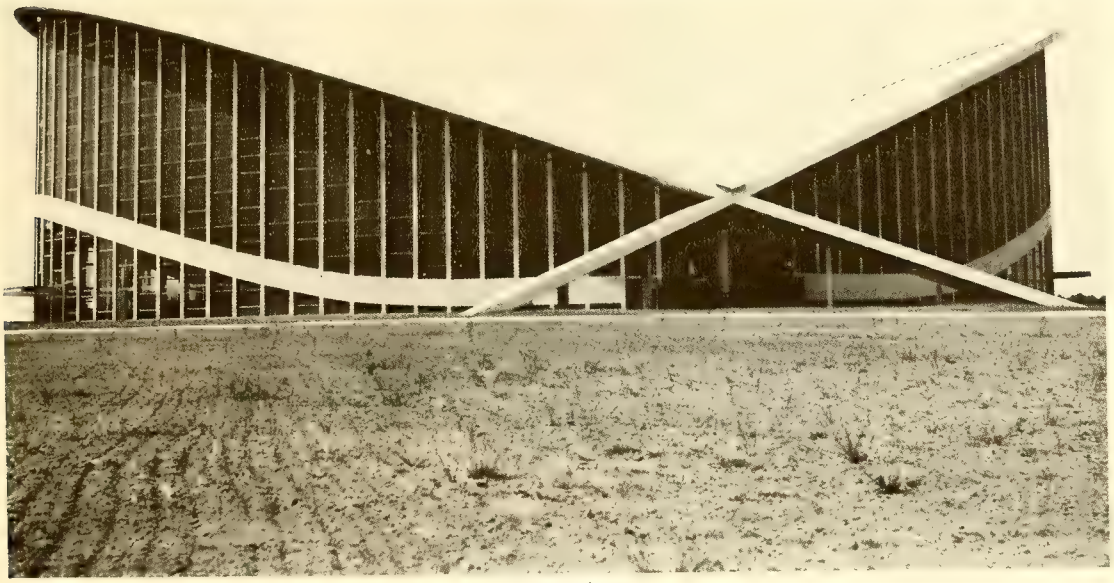
Birthplace of Andrew Johnson, 17th President of the U. S.

This new structure very definitely is an asset to the business life of the Raleigh community and will attract people from all over the state to attend the various activities to be held in it.

HISTORIC RALEIGH

Raleigh abounds in historic eminence and noteworthy tradition. The first English settlement in America was made at Roanoke Island on the coast of North Carolina by Sir Walter Raleigh. The capital city of the state was named in his honor and in memory of this achievement.

The land upon which Raleigh had its beginning was purchased in 1792 as a location for the establishment of the state capitol. The first capitol building was completed in 1794 and destroyed by fire in 1831. The present building, over 100 years old, is a recognized example of Doric architecture with few equals. It is noted for its beauty and design.



The 17th President of the U. S., Andrew Johnson, was born here. This famous old home now stands as a shrine in Pullen Park.

The State Hall of History here, with its collection of North Carolina historical records and important archives, attracts much interest.

Wakefield, the home of Joel Lane, erected in 1760, is owned and preserved by the Carolina Dames. This Colonial home was erected in the old town of Bloomsbury, which was the county seat of Wake County, in 1771.

The oldest bank building in North Carolina still stands on the property of Christ Church. It is the present rectory. It was built in 1818 as the State Bank.

Many visitors in Raleigh likewise are interested in monuments and memorials of famous North Carolinians on Capitol Square and in State Department buildings.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

All Homes Under $9,000—Not a Shell—
Completely Finished — No Money Down, On Your Lot
Payments Often Less Than Rent — 28 Models

NEW INSTITUTE LENDS YOU ALL THE MONEY

The Institute for Essential Housing is a national organization sponsored by leading manufacturers to provide high-quality, low-cost housing for people who cannot obtain regular house financing.
Thousands of families today are living in these big beautiful IEH homes that have been built on their lot for NO MONEY DOWN!

READY TO-LIVE-IN-FOR WHAT YOU PAY FOR RENT!

Never before has this been possible! A home you can move right into for less than some people pay for rent . . . less than you'd pay per month for just a "shell". And most important to you, the low monthly payments will make you the proud owner of your home in twelve short years!

BUILT ANYWHERE

The Institute will lend you the money to build an IEH home anywhere. That even means out in the country, at the beach, lake or anywhere our trucks can go . . . and where other mortgages are practically impossible to get. The Institute will even help you find a lot if you don't have one.

QUALITY CONSTRUCTED TO LAST A LIFETIME!

From foundation to roof-top, only the finest building materials go into your IEH home. Skilled craftsmen, using scientific techniques developed by the Institute assure you a home that will last a lifetime.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Here at The Graphic Press, Inc., we have the skilled personnel that is required to give you printing that is designed to sell. On your next order for letterheads, catalogs, advertising folders, and even a complete direct mail campaign, let The Graphic Press, Inc. help make them better. Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*
